PROBATIONARY PROGRAM

WELCOME

Welcome to the Richardson Police Department Public Safety Cadets. The Cadet Program is designed to provide young adults with the opportunity to learn about law enforcement, develop leadership skills, and serve their community. Through training, hands-on activities, and mentorship from law enforcement professionals, Cadets gain valuable experience and insight into the responsibilities and expectations of a career in public safety.

All new members enter the program as probationary Cadets for a period of six months. The purpose of this probationary period is to ensure that each new Cadet understands the standards, responsibilities, and expectations required to represent the Cadet Unit and the department. During this time, probationary members will complete training requirements, demonstrate basic skills, and become familiar with the policies and procedures of the program.

The probationary period is also an opportunity for new Cadets to determine whether the program is a good fit for them. Cadets will be expected to demonstrate professionalism, maintain a positive attitude, follow the chain of command, and actively participate in meetings, training, and events.

Successful completion of the probationary program indicates that the Cadet has demonstrated the maturity, commitment, and skills necessary to participate as a full member of the Cadet Unit.

We are excited to have you join the program and look forward to helping you develop the knowledge, skills, and leadership abilities that will serve you well in the future.
