RIDE-ALONG PARENT / LEGAL GUARDIAN ACKNOWLEDGMENT (CADETS AGED 15)

I acknowledge that my child () is requesting approval to participate in a Public Safety Cadet ride-along activity.

I understand that a ride-along involves observing real-world public safety and patrol operations, and that my child may be exposed to situations that include, but are not limited to, emergency responses, law enforcement or public safety activity, and environments that may be stressful, emotional, or unpredictable in nature.

By signing below, I affirm that, to the best of my knowledge, my child possesses the mental capacity, emotional maturity, and situational awareness necessary to be exposed to such environments.

I understand that approval for ride-along participation for Cadets aged fifteen (15) is discretionary, based on the collective judgment of the Cadet Advisors, with the final decision resting solely with the Executive Advisor, and that participation may be limited, deferred, or revoked at any time.

I understand that this is a one-time acknowledgment that remains valid for the Cadet's continued participation in the Ride-Along Program.
